

ISU ALGEBRA SEMINAR

FALL 2016 SCHEDULE

Wednesdays, 11:00 AM-11:50 AM at Williams Hall, room 21
Refreshments will be provided.

September 14, 2016

Speaker: Sunil Chebolu

Title: Recent progress on Fuchs' problem (Part II)

Abstract: In the second talk I will focus on my recent joint work with Keir Lockridge in which we solved this problem for the class of generalized quaternion groups. This builds on our earlier work on Fuchs' problem for dihedral groups.
