Activating your *WebAssign* Account

1. Go to [www.webassign.net](http://www.webassign.net)
2. Under the login protocol on the right-hand side, click on “I Have a Class Key.”
3. Enter your class key:
   MAT 121 Section 14 (2-2:50): **ilstu 0016 1801**
4. If you’ve taken a class where *WebAssign* has been used before, you may already have a *WebAssign* account. Click that option. If not, you must create a *WebAssign* account. Follow the instructions and provide the requested information (see below).
5. Eventually, you will have to pay to use *WebAssign*. If your book came with a *WebAssign* voucher, you will want to use that code. If not, you’ll have to use a credit card or PayPal to pay $47 for access to *WebAssign* without an e-book or $75 for access with an e-book. If you cannot pay when you open your account, there may be a grace period option, under which you may use the software for a number of days before paying for it.
