## **Discrete Mathematics in the Movies**

**Mike Plantholt, Ph. D.**  
**Professor, Department of Mathematics, ISU**

**Abstract:** We will look at different ways that Discrete Mathematics has been used in movies (and maybe tv also). We discuss some of the Discrete Mathematics that has been presented in movies, how it is used to make movies, some math bloopers, some behind-the-scenes stories, and maybe other things too. Bring a date !
